**DETAILED ACTION**

***Information Disclosure Statement***

The information disclosure statement (IDS) submitted on 9/26/06 has been considered by the examiner.

***Additional Prior Art Cited***

Each of Cook et al and Yukawa et al is cited as of interest in that it discloses a retroreflective sheet having a layer of retroreflective elements.

***Drawings***

The drawing filed 9/26/06 are acceptable.

***Allowable Subject Matter***

Claims 1-3 and 5-19 are allowed.

The following is an examiner's statement of reasons for allowance: none of the cited references teaches or suggests a hue variable retroreflective sheet comprising "a total visible light transmittance of the optical coherent layer is higher than a total visible light transmittance of the colored layer." (claim 1, lines 13-14) in combination with the remaining features recited in the claim. Claims 2-3 and 5-19 are dependent claims and thus allowable at least for the same reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
